HELO FORM MAX unlocks the freedom to design space at any scale. Create immersive event zones, striking art installations, or multi-element architectural structures – the MAX system empowers you with unlimited creative control. Shape it, define it, transform it – MAX gives you the power to build bold, boundary-breaking architecture on your own terms.

HELO FORM system furniture

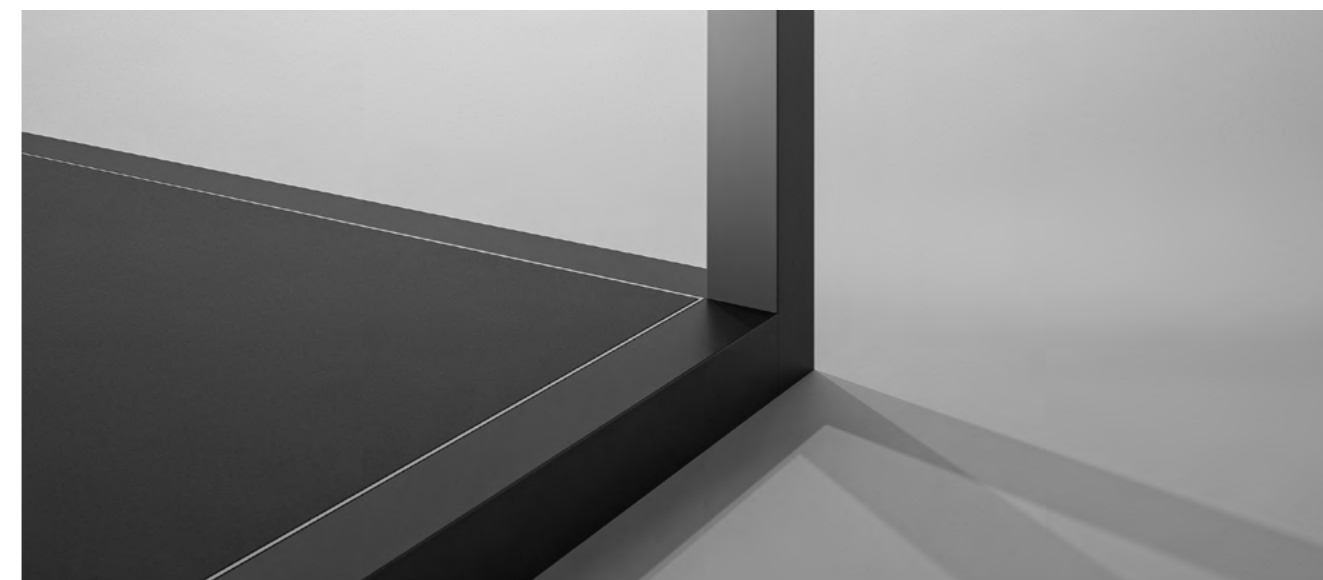

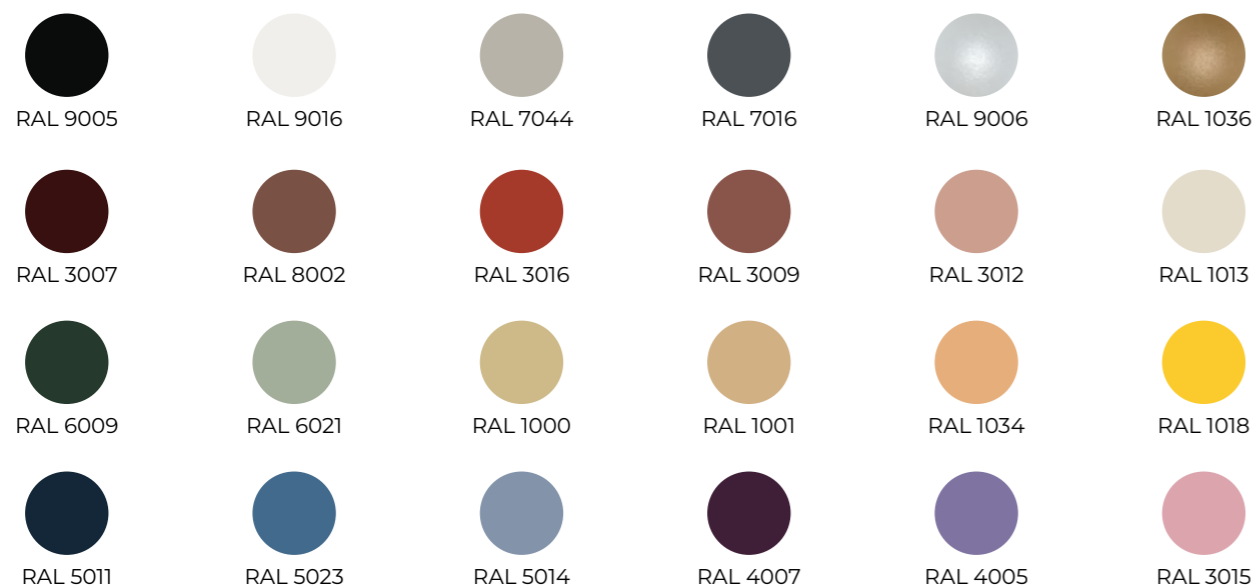

Clever Frame modular floor

structure powder-coated in a RAL colour

Construction: powder-coated aluminium

Choose any color from RAL palette, and the aluminum structure will receive a durable, power-coated finish perfectly matched to your brand identity.

Floor: laminated furniture board

Choose a floor decor perfectly suited to your space and complete it with accessories such as electrical outlets or threshold ramps.

Walls: Clever Frame system

Build your wall with Clever Frame frames and fill it with printed or textured panels to personalized the space.

# HELO FORM<sup>®</sup> MAX

## Proven in practice

HELO FORM MAX is a modular structure that blends system precision with a sleek, technical aesthetic. Its geometric, repeatable logic creates a strong spacial frame, giving installations and zones a clear, defined character.

MAX works seamlessly with Clever Frame, allowing you to scale up your builds and create cohesive environments – from compact zones to large, multi-element structures.

HELO<sup>®</sup>  
FORM

The HELO FORM MAX structure blended smoothly into the trade-show booth layout, creating a distinct yet open welcome zone.

# HELO FORM MAX

A modular space designed for photo and video content

HELO FORM MAX forms strong, architectural boundaries that make it an ideal solution for standout Photo Zones. The structure organizes space and enables the creation of scenic, backdrops for photos, interaction points and promotional activities. A photo zone designed this way captures attendees' attention, boosts brand visibility, and naturally becomes a hub for sharing the event on social media.
